© 2017 ANATOMY IN CLAY® Centers. All Rights Reserved. ANATOMY IN CLAY® is a registered trademark of Zahourek Systems, Inc., or affiliates in the US or other countries. Authorization for limited trademark use licensed by Zahourek Systems, Inc., a sole provider of ANATOMY IN CLAY® Learning System.

The ANATOMY IN CLAY® Education Center is a nonprofit organization empowering students to take part in a profound learning system. Workshops build lasting skills of critical thinking, promote curiosity and increase knowledge. Through the simple activity of building anatomy with clay, in 3-dimensions,

students are able to grasp basic concepts of our form and function, the core fundamentals of our nature. As a result of the power of hands-on learning, we transform life-long learners by making the study of anatomy accessible, empowering, and life-changing. Visit us on Facebook to see amazing students and educators!

I HAVE READ AND UNDERSTAND THE WORKSHOP POLICIES (listed at anatomyinclay.com)

The ANATOMY IN CLAY® Learning System is used in thousands of classrooms world-wide. As supported by multiple research studies, it is a "best practice" for success in learning anatomy. In addition to better testing and retention, students appreciate the superior accessibility, satisfaction, and enjoyment gained with this kinesthetic process.
